

### J. BULL WITH SPAIN AND AGAINST U. S.

#### RUMORED ALLIANCE OF THE TWO COUNTRIES.

**Official Announcement of the Fact to Be Made Within Ten Days—Rebellion in South Africa Spreading—Many White Settlers Killed by the Natives.**

New York, April 6.—A dispatch to the World from London says: "The positive statement came to your correspondent from a leading financier of the city (the money-making part of London) that England had concluded a treaty of alliance with Spain. His final message was, 'Within ten days Europe will be startled by the official announcement of this fact.'"

"Such a treaty would have a vastly important bearing upon the continental situation. It would have a commensurately important bearing upon the Cuban question in the United States. I can furnish no further details of this alleged treaty than that, according to my informant, it will include giving to Great Britain the right to harbor and refit her fleets in the Mediterranean ports of Spain. The harbor of Cartagena is one of the finest on the Mediterranean, and would shelter the entire British navy."

"The Salisbury ministry has openly and officially stated one of its chief reasons for the extraordinary movement, the advance on the Soudan, accepted as hostile by France and Russia, was to make a friendly diversion in behalf of Italy. All Europe has in turn accepted this assurance as proof of England's sympathy with the triple alliance, and even Germany showed appreciation of this fact by voting with Italy and Austria to assist England's war with the khalfia. France and Russia, on the contrary, are ablaze with hostile indignation against England because of this government."

"From this the importance of an Anglo-Spanish alliance to Great Britain is obvious. Neither Gibraltar nor Malta—England's only two ports on the Mediterranean—is capable of either harboring or refitting a fleet, but with both the Italian and Spanish ports thrown open to the British navy, the French fleet at Toulon would be at England's mercy, and Russia could hardly make a junction from the Black sea with the ships of her French ally."

"Such are the apparent reasons why Great Britain should wish to make such an alliance as above indicates. It would, moreover, leave her in safe possession of Gibraltar."

#### ALARM IN SOUTH AFRICA.

##### Uprising of Natives in the Country Districts Threatened.

Cape Town, April 6.—Alarm prevails at Mafeking and the farmers in the outlying districts are bringing their families into town. They declare that the natives in the country around are preparing to rise on account of the discontent aroused among them by the slaughter of their cattle in the effort to stamp out the destructive rinderpest. This cattle disease has been creating great havoc among the herds of the Transvaal and Rhodesia has become paralyzed.

Measures have been taken to protect Mafeking. The natives have held a meeting and decided to appeal to the governor, Sir Hercules Robinson, to send troops, the police not being sufficient for the protection of Bechuanaland to the north. It is known that over 100 whites have been killed in the Matabele rising, and it is feared the number will amount to 200. A private telegram from Bulawayo says that they have plenty of arms, ammunition, and provisions for three months. The Johannesburgers are equipping a force for Bulawayo, but it is stated that the feeling in Rhodesia is to decline Johannesburg assistance. The wires are interrupted and there is no news of Cecil Rhodes.

#### Visited by a Terrible Fire.

Madrid, April 6.—A terrible fire has occurred at Manila, in the Philippine islands, by which 4,000 houses were destroyed and 30,000 persons left homeless. Manila is the capital of the Philippine islands and has a population of 100,000, or with the suburbs 160,000. It is one of the great emporiums of the east. It has frequently been visited by severe and destructive earthquakes.

#### Dislike the Word "Trust."

New York, April 6.—The steel men state it is not true a trust is in course of formation. "That would be a bar," said one, "to the enrollment of some manufacturing concerns in this organization. For example, the laws of the state of Illinois would make it illegal for the Illinois Steel company to join us. This is not a trust; it is a protective association. Our object is not so much to advance prices as to keep them at a profitable rate. This conference is for the purpose of limiting the production and output in some degree, always producing a sufficient supply, according to the needs of the country."

#### Iowa Cigarette Law Constitutional.

Des Moines, Iowa, April 6.—Attorney-General Remley has furnished Gov. Drake an opinion on the constitutionality of the anti-cigarette bill. It is in line with the verbal opinion of Mr. Remley as stated last night. In it he holds that the statute as adopted by the legislature is constitutional.

### GOV. BOIES AND FREE SILVER.

#### Iowa Democrats to Give the Money Question a Test Vote.

Ottumwa, Iowa, April 6.—Ex-Gov. Boies has consented to go to Chicago as a delegate-at-large from Iowa if the Dubuque platform declares for free silver. This is practically the first move to secure the democratic nomination for president for Mr. Boies. His answer to a letter sent him requesting him to run is a tacit admission that he will accept the nomination if tendered him. He says: "I am in full accord with your view that some plan should be adopted by which, as nearly as practical, a full and explicit showing of the sentiment of a majority of the democratic party in our state upon the question of currency reform, and especially upon the question of the free coinage of silver as money of final redemption, may be had; and, inasmuch as I am now unable to suggest a method by which we would be more likely to accomplish that end than the one suggested in your letter, I have concluded to adopt your suggestion and allow the use of my name as a candidate for delegate-at-large to the Chicago convention; with the understanding, however, that if our state convention at Dubuque, by resolution or otherwise, approved of our present financial policy I will not be expected to serve."

The letter sent him signed by C. A. Walsh and E. W. Curry of the democratic state central committee and hundreds of prominent democrats hints of a bolt if the convention declares for gold.

#### ALL WILL BE PAID.

##### Depositors Will Suffer No Loss by the Bank Failure at Decatur, Ill.

Decatur, Ill., April 6.—Among the funds in the Farmers' bank, which closed its doors Saturday, was \$45,000 belonging to the state, deposited by State Superintendent of Insurance Durfee. The bank was founded three years ago by Lewis B. Casner, Bradford K. Durfee and Lewis E. Eymann. The last two sold out to Mr. Casner last July.

Mr. Casner gives as the reason for the failure a continuous withdrawal of deposits and inability at the present time to realize on securities. He is confident that all debts will be paid without loss to anyone. John A. Dawson, his son-in-law, is assignee.

The assets are \$185,293, of which \$90,000 is in notes and accounts, \$17,000 in overdrafts, \$2,100 cash and \$74,522 in real estate. The liabilities are \$128,315. Of this sum \$90,000 is due depositors.

#### Spanish Forces Hemmed In.

Tampa, Fla., April 6.—Passengers arriving from Cuba report that Spanish Gen. Inclan's forces were entirely surrounded by the insurgents and a hand-to-hand conflict ensued. The conflict occurred in Vuelta Abajo district. Nothing official has been published, but 100 wounded at this engagement were brought into Havana Friday night. All the wounds were machete cuts. Inclan also was wounded. Quintin Banderos, the insurgent chief, has sent a letter to Gen. Weyler requesting humane treatment for helpless families. The Cubans here intended to burn the Spanish flag and Weyler's picture last night, but the police interfered.

#### Breckinridge Will Seek Election.

Lexington, Ky., April 6.—Col. W. C. P. Breckinridge has been quietly practicing law here ever since the suit for damages of Madeline Pollard two years ago caused him to be succeeded in congress by Col. W. C. Owens. Although Miss Pollard got a judgment for \$15,000, she has never been able to get execution or to receive anything. Now that Col. Breckinridge is canvassing the district again to run for congress this year the old movement in the district is being reorganized and Col. Breckinridge will have the women against him, as he had two years ago.

#### Maryland Is for McKinley.

Baltimore, Md., April 6.—Although the opponents of United States Senator-elect George L. Wellington are expected to make a determined effort to defeat him for delegate-at-large to the St. Louis convention, it is reasonably certain that he will go, and virtually control the Maryland delegation. Indications point to McKinley as the candidate who will receive the votes of this state. The Washington county republicans at a primary Saturday elected delegates to the state convention pledged to Wellington and McKinley.

#### Fair's Heirs Want to Compromise.

New York, April 6.—Senator Fair's children are trying to effect a compromise with Mrs. Craven. The compromise would have been reached, but the children think her demand for \$1,500,000 exorbitant. There is no longer any doubt of the authenticity of Mrs. Craven's marriage to Fair. Mrs. Craven has a deed for \$1,225,000 worth of Fair's property. Once she offered to compromise on \$750,000, but was refused.

#### To Settle Venezuela Dispute.

London, April 6.—The Daily Chronicle says: "We have reason to believe that negotiations between Great Britain and the United States concerning the Venezuela boundary question are proceeding in a very satisfactory manner, and a solution favorable to all parties is now counted upon with great confidence."

### WORK OF CONGRESS IS MAPPED OUT

#### LEGISLATIVE PROGRAMME FOR THE WEEK.

**No Doubt That the House Will Accept the Cuban Resolutions—River and Harbor Bill To Go Through—The Week Will Be a Very Busy One.**

Washington, April 6.—This promises to be an exceedingly lively week in the house. Today the house votes on the adoption of the conference report on the Cuban resolutions, which was debated on Friday and Saturday. It is a foregone conclusion that the report will be adopted by an overwhelming vote, but it is probable that there will be more members recorded against it than against the passage of the original resolutions.

Immediately afterward an effort will be made to pass the river and harbor bill, under a suspension of rules. The bill carries something over \$9,000,000 in actual appropriations, but authorizes contracts for almost \$40,000,000 additional. The democrats would like an opportunity to attack the bill, because of the enormous charge it makes upon the treasury in the future, and they will make all the resistance they are able to. Under the rules, however, their opposition is not likely to be effectual, and, moreover, there are many features of the bill in which individual democrats are vitally interested. When a motion is made to suspend the rules but thirty minutes' debate is allowed on a side, but it is certain that an extension of time will be made to two or three hours.

Following the passage of the rivers and harbors bill, Mr. Pickler, chairman of the invalid pensions committee, probably will call up on Tuesday one of the general bills reported by his committee.

There are two election cases to be decided, one of which will unsettle Judge Cobb of the Fifth Alabama district.

By Wednesday it is expected that the fortifications bill will be completed, and it probably will occupy the attention of the house for the remainder of the week.

The senate will continue the consideration of the postoffice appropriations bill today. It is hoped that the day will suffice to conclude the debate on this bill.

Senator Morgan has given notice of a speech on Tuesday on the Pacific railroad refunding question, and probably will consume the greater part of the day. The question is one to which the senator has given a great deal of attention, and on which he has accumulated a vast amount of information.

He will speak in support of his resolution outlining a bill and in opposition to the bill under consideration by the joint subcommittee of the two houses. The remainder of the week will be given up largely to the Indian appropriation bill. This measure contains several features which are certain to develop controversy, the principle one of which is the provision for the discontinuance of the sectarian schools for Hampton Roads institutions.

There will be an effort to amend the bill by adding the plan agreed upon by the committee on Indian affairs for changing the system of land holdings in Indian territory, and this will develop a sharp debate.

The naval appropriation bill will be reported during the week, and will be in condition to be taken up as soon as the Indian bill is out of the way.

It is Senator Peffer's intention to call up his anti-bond resolution if opportunity offers.

#### FEAR A LYNCHING AT CLINTON.

##### Bitter Feeling Against Polen, Who Killed His Wife and Mother-in-Law.

Clinton, Ill., April 6.—Fearing lynching the officials have placed Ed Polen in the Mason county jail to await trial for the murder of his wife and her mother, Mrs. McMullen.

The funerals of the murdered women were held Sunday. The Rev. Duncan MacArthur preached the sermon. He said the courts should be more prompt in the execution of justice and people would not be so prone to the subject of lynching. Mr. Eberhart prayed that justice would be meted out for the crimes. The feeling against Polen for the murder of Mrs. McMullen, who leaves four young children, and Mrs. Polen, is bitter and intense.

#### Will Not Attend the Wedding.

Indianapolis, Ind., April 6.—Gen. Harrison's children, Mrs. McKee and Russell B. Harrison, did not start to New York Sunday to attend the wedding of their father. It had been understood for several days that neither would attend. Mrs. McKee during her stay of three weeks in this city has not hesitated to express to her friends her disapprobation of the step Gen. Harrison is taking. There is no estrangement between father and children, but the son and daughter have decided not to witness the ceremony. Mrs. McKee expects to leave for the east Tuesday, and will not be here when her father returns with his bride.

#### Was King Humbert's Idea.

Paris, April 6.—The Temps asserts that the idea of the Dongola expedition emanated from King Humbert, who simultaneously addressed England and Germany on the subject.

### CARLISLE SAYS HE IS NOT CANDIDATE

#### SECRETARY OF THE TREASURY WRITES A LETTER.

**Formal Notice to That Effect Sent to Chairman Charles Long—The Secretary Thinks the Party Has Other Fit Men—Advice as to Platform.**

Washington, April 6.—Secretary Carlisle has written the following letter on the subject of his candidacy for the presidential nomination at the Chicago convention:

"Washington, April 4, 1896.—Charles R. Long, Esq., Chairman Democratic State Central Committee, Louisville, Ky.—My Dear Sir: Your favor of March 30, in which you say, in substance, that many of my friends in Kentucky and elsewhere desire me to become a candidate before the approaching national democratic convention for the nomination for the office of president, and requesting me to give 'some authoritative or definite expression' upon the subject, was duly received and has been maturely considered."

"Many communications upon the same subject and similar import have been received from friends in different parts of the country, and while very grateful for these numerous expressions of confidence and esteem upon the part of my democratic fellow-citizens, I have not been able to reach the conclusion that the existing conditions require me to comply with their requests by authorizing them to announce me as a candidate for the presidential nomination. While I feel a profound interest in the welfare of my party, I am much more concerned about its declaration of principles than about its selection of candidates, because, in my opinion, its failure or success at the election, as well as its capacity for useful service in the country in the future, depends upon the position it takes or omits to take upon the public questions now engaging the attention of the people, and especially the questions affecting the monetary system of the country and the character and amount of taxation to be imposed upon our citizens. Its position upon these and other subjects having been agreed upon, and clearly and distinctly announced, the convention ought to have no difficulty in selecting an acceptable candidate who will fairly represent its views; and, in order that its deliberations may be embarrassed as little as possible by the contentions of rival aspirants and their friends, I think my duty to the party will be best performed by declining to participate in a contest for the nomination."

"The obligations assumed when I accepted my present official position require me to devote my entire time and attention to the personal interests committed to my charge, and I shall continue to discharge the duties imposed upon me to the best of my ability and in such manner as will, in my judgment, most certainly promote the true interests of the country; and if, in the opinion of my fellow-democrats in Kentucky, my services entitle me to their commendation and approval, I would regard their endorsement of my public course as an ample reward for the little I have been able to accomplish in behalf of honest administration and a sound financial policy."

"With many thanks for your kind letter, I am, very truly yours,

"J. G. CARLISLE."

#### McKinley Assured of Two More.

Birmingham, Ala., April 6.—McKinley scored another victory in De Kalb county Saturday, the result of which is to give him the Seventh district, with its two delegates, to the republican national convention. The district convention is to meet at Gadsden Tuesday. McKinley has twenty-one of the delegates, six are unopposed, and nine are divided among the combination opponents. It seems certain that C. D. Alexander of Attalla and George Curtis, both McKinleyites, will be sent to St. Louis.

#### Cincinnati Cutters Strike.

Cincinnati, O., April 6.—The strike of the clothing cutters' union has lasted two months without result. The Coats-makers' Protective association resolved yesterday to join the strike unless the manufacturers recognize both unions. Both the manufacturers and cutters will now wait the result of the coats-makers' efforts to tie up the clothing industry here during this week.

Stewart, a well known hotel man from Morrisonville, came to town Saturday and informed Chief Acheson that a stranger, claiming to be a nursery agent, had secured of him a team of horses in the course of a trade. Stewart had traced the man as far as this city, so he and Chief Acheson started out. They learned that the man had visited Hanover and at once left for that village but found that the man had left one hour before.

## CHURCHES MARK EASTER SUNDAY

THE SERVICES HELD IN JANESVILLE SANCTUARIES.

Special Music and Special Services  
Were the Rule—Dr. Halsey Speaks to Knights Templar and Members of the Order of the Eastern Star—Church Notes.

Yesterday was Easter Sunday, and the holy day that marks the end of the season of fasting and self denial, was celebrated in many of the churches with special services. The Episcopal churches made features of the musical programs, while Rev. Dr. Halsey preached to the Knights Templar and members of the Order of the Eastern Star.

Aside from the Easter celebrations there were other services of interest. Rev. Mr. Foster of Chicago, preached both morning and evening at the Baptist church, while Rev. Robert Bedford, of Rockton, Ill., officiated at the Congregational church. He delivered an excellent sermon in the morning, and in the evening spoke eulogistically of the Tuskege Normal and Industrial Institute of which Mr. Booker T. Washington, is president. At the Presbyterian church Rev. E. H. Pence preached in the morning on the subject "The Rolling Back of the Stone," and in the evening on "Some Phases of Heaven."

Rev. Victor E. Southworth read his first "pulpit editorial" yesterday on "The Sanctity of the Ballot" and said in part:

"I was greatly pleased with what Dr. Halsey said last Sunday night. He said, A form of government like ours is the best possible form of government for intelligent people; but for unintelligent people it is the worst possible form of government." When a city is badly governed it is because the voters vote badly. Wrong men have been nominated, wrong motives have actuated the election and as a direct consequence wrong government results. Sometimes even in such a city as Janesville privileges are obtained by corruption and bribery, public funds are used to encourage selfish or partisan interests and city ordinances and laws are treated with contempt. Why is such a condition of affairs possible? Because citizens are more interested in private wealth, than in commonwealth. Private individuals get the community in their clutch and squeeze the public purse as if it were a sponge. Other private individuals are so absorbed meanwhile in personal interests that they have not the time or energy to resist. The business man who cannot spare time to study and work for the purity and integrity of the civic life is as guilty of the wrong, as are they who thus left to themselves actually commit the wrong. We are unfitted to act as the guardians of the public welfare by our indifference and neglect, no less than others are by their ignorance and criminality.

"I believe in the republican system. I believe in the possible fitness of a democratic people for self-government. Ideally, we are working on the most perfect governmental plan that has ever been devised. But actually, practically, we are a long, long way from realizing the ideal.

"It is a government of the people by the people, for the people, and as are the people so will be the government. Only an enlightened, high-minded and just people can maintain on the democratic plan a government that shall be enlightened, high-minded and just.

"A democracy of ignorant people will inevitably become an ignorant democracy. A democracy of impure and lawless people will inevitably become an impure and lawless democracy.

"The Character of our city, state and nation is but the composite character of the people.

What is to be done? Only one thing. Civilize the people. Create capacity for citizenship. Make it easy for men who want to be intelligent voters—make it easy for them to study and learn the practical science of good government.

"On the other hand, discourage incapacity. Frown upon indifference. Prevent if you can the promotion of the incapable to positions of public trust. Turn down the tricksters.

"Above all qualify yourself to serve the people. If you want an honest, clean and business-like administration of our public affairs you can have it. How? By doing your share as a voter, as a tax payer, as a possible office holder; at any rate as a capable

supporter of capable candidates for office.

"Janesville would be the purest, most honorable and business-like city in the state or nation, if she had the loyal patriotic devotion which her citizens are morally bound to manifest. If on election day none but intelligent, honest, clean voters are cast, if we lay aside all partisan prejudices, and take time to weigh and measure the capabilities of the possible officials, and work only for the sake of the safety and strength of our city we will find the way out of every municipal difficulty can be easily opened.

"I entreat you as my neighbors and friends if you love your city and desire its permanent welfare be no longer indifferent or negligent. Let the immense interests which depend upon the wisdom and purity of your ballot, be adequately considered. The machine bosses of the party politics ought to be utterly ignored. The senseless brag and mean exchange of political slanders indulged in by the partisan press ought to be condemned. The question of who is democrat and who is republican sinks into utter insignificance beside the question of 'who is the most capable and reliable.

"This is the city and I am one of the citizens, whatever interests the rest interests me."

Waving palms and pure white lilies told the story of Easter, as did also the music at the Baptist church yesterday. Rev. Foster, of Chicago occupied the pulpit at both services, his morning text being Luke 9:49-50, and in the sermon he emphasized the duty of recognizing good without regard to the position of the doer. The text of the evening sermon was Matt. 13:12, the parable of the sower, or as he thought it should be more fittingly called, the parable of the souls. There was a goodly attendance at the Christian Endeavor meeting in spite of the fact that a number were in attendance at the district convention at Milton. The Woman's Missionary society will meet in the church parlors Friday afternoon.

Easter Sunday was marked by a celebration of the Holy Communion at 7:30 a. m. Sunday school at 9 a. m. Morning prayer and second celebration at 10:30 a. m. Young men's bible class at 12:10 p. m. Carist church class service at 4 p. m. Sunday school Easter festival at 7 p. m. The musical programme included:

A GOOD MOVE

The Reduction We Made Last Week the Right Thing for Us.

Its quite a question as to the method that should be pursued in making a quick sale of goods and yet it stands to reason that the masses will buy if the commodity is placed within easy reach and the quality is first class. We figured last week on the best plan to be used in closing out our stock of shoes quickly and decided that the reduction of every shoe in the house to \$3 and from that down would bring about the cleaning out of stock more rapidly than anything else. Our expectations are being fulfilled, we are selling shoes like wild fire, could hardly wait on the trade Saturday. People are taking the \$4.50, \$5.00, \$6.00 and \$7.00 shoes for \$3.00, and appreciating the bargains. Don't fail to be among the lucky ones. Becker & Woodruff.

## AGAINST TOWNSHIP SCHOOLS

Rock County Suggestion Disregarded By Supt. J. L. Emery.

The township school system which some people would be glad to have substituted for the district system is opposed by Superintendent J. L. Emery. He has visited many states where the township system of schools is in force and investigated its practical workings. In Wisconsin the system is optional, forty six towns nearly all in the northern part of the state, having adopted it, and the statistics from these towns concerning the cost per capita are such as to lead Mr. Emery to think that the system offers no remedy for the defects in the district system. Two-thirds of the county superintendents of the state have declared that they believe Wis-

Mr. Atkinson is hired by this church to sing Sundays at the salary of \$300 per year, he going to Rockford each Saturday evening and returning to Beloit Monday mornings. ## THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease. It is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight. For all such, the new discovery for dyspepsia and digestion comes as a most welcome addition to the list of meritorious remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but possesses the peculiar power of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jennison recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach troubles, and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Hardison speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children. Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package and a trial will convince anyone of their merits.

Notice is hereby given that a "Judicial and Municipal" election is to be held in the several wards and election precincts in the city of Janesville, on the 7th day of April, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

## INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate, in any manner, whom to vote for. The voter must make a cross, X, after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any one can see how it has been marked by the voter. After it is marked it should be folded so that the inside can not be seen. When the voter has passed out of the booth, give his name to the inspector in charge of the ballot box, and hand him his ballot. The ballot box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

## BETTER TICKET NEVER PUT UP

The Janesville Republicans Are Enthusiastic and United.

DEMOCRACY IS SPLIT UP AND DISCOURAGED.

Sweeping Republican Victory Is in Sight, and the G. O. P. Will Again Triumph—Both City and Ward Nominations Are the Strongest That Could Be Made—Democratic Chestnuts Are Cracked—Something of the Candidates on the Winning Side.

The afternoon before election sees republicans united and enthusiastic—democrats disorganized and on the run. The democrats made a brief rally in the Third ward; but the splendid financial showing made by Alderman Winslow left them without campaign material. The Fourth and Fifth wards are left as the only democratic fighting ground. A desperate effort, will be made, however to cut down the republican majorities on the city ticket. Voters should bear this in mind: The law on marking "straight tickets", has been changed. Mark a cross after the name of every republican on the ticket.

An overwhelming republican victory is in sight. While democracy is torn by internal dissensions, and disheartened by the gloomy outlook, the republicans are enthusiastic. Not only are the democratic candidates much cast down, but many of them are put out over the kind of support they have received from the local democratic organ. There was not a word for any of them until Sunday and on Sunday the longest article was neutralized by a bitter attack in the same column, while the only other article of any consequence was in behalf of the Recorder publisher.

There are good reasons why republicans should feel confident. A glance at the following list of the men named is enough to make anyone feel proud of the party.

**James A. Fathers.**  
James A. Fathers, the republican candidate for re-election as city treasurer, is one of Janesville's best known and most trusted business men. He has made the best treasurer that the city ever had, and his majority will probably be the largest ever given to a candidate for that office. There is no split in the republican ranks while the democrats are cutting each others' throats as fast as they can.

**Thomas S. Nolan.**  
Thomas S. Nolan, the republican candidate for city attorney is one of the foremost members of the Rock County bar. His reputation as a learned lawyer extends beyond Wisconsin and he is invariably successful in the prosecution of any case that he takes charge of. Janesville couldn't get a better legal advisor than "Tom" Nolan.

**John H. Watson.**  
John H. Watson—or "Had"—as everybody knows him—is the republican candidate for street commissioner. He will be supported by all citizens who have the good of the city at heart, regardless of party. He has made an ideal commissioner and his majority will be large.

**Marshall P. Richardson.**  
Marshall P. Richardson, the republican candidate for justice of the peace will succeed himself. Justice Richardson has been a careful painstaking officer and his decisions have invariably been upheld by the higher courts. He is the member of the Rock county bar and an able lawyer.

**Silas Hayner.**  
Silas Hayner, the republican candidate for school commissioner at large is one of Janesville's best known citizens. He will make an excellent school commissioner as he has always been an advocate of a practical business education and opposed to fads and purely ornamental courses.

**THE REPUBLICAN WARD TICKETS**  
All are Good Men, and Will Make Very Capable Officers.

The republican ward tickets are made up of men whose honesty and business reputations are household words in Janesville. There is not a weak spot in any of the ward lists and no better timber could have been selected.

**The First Ward.**  
**STUART B. HEDDLES**—Stuart B. Heddles is the republican candidate for alderman. He has served in that capacity and made an official that the ward and the city will be proud of. First ward republicans will show their appreciation by re-electing him with an increased majority.

**CHARLES E. ROWLES**—O. E. Bowles, the candidate for supervisor, needs no introduction to the people of this city. He is now a member of the county board and a valuable one for Janesville. His constituents appreciate

faithful services, and will return him to that body.

**H. B. KENNISTON**—H. B. Kenniston is the candidate for constable. He has served as such for years and a merited re-election will be his reward for work well done.

**The Second Ward.**  
**W. B. STODDARD**—W. B. Stoddard, the republican candidate for alderman, will make a thoroughly efficient city officer. The people have the utmost confidence in him, and will elect him by a large majority. Janesville has no more stable business man than W. B. Stoddard, and his triumphant election is certain.

**CAPT. W. T. VANKIRK**—Captain W. T. Vankirk, the candidate for supervisor, is one of the best known of Janesville's business men. He is now a member of the county board, and one of the most influential of the members. He will be reelected by the large majority that he deserves.

**FREDERICK L. CLEMONS**—F. L. Clemmons, the candidate for school commissioner, will be re-elected. His faithful two years' service as a member of that body, demonstrated that he is an ideal school officer, and insures his re-election by an increased majority.

**ALONZO K. CUTTS**—A. K. Cutts has no opposition for the office of constable, which is a fitting compliment to a thoroughly efficient officer.

**The Third Ward.**  
**FREDERICK S. WINSLOW**—The Third ward has been represented in the council the past two years, by one of the best aldermen that ever sat in that body. As a representative of the people F. S. Winslow has stood for business-like methods, business-like economy and business-like administration of affairs. The fact that no ward tax will be needed this year, while the streets are all in excellent condition, shows that he has given the duties of the office business-like attention. He will be re-elected, as he should be.

**JOSEPH L. BEAR**—Joseph L. Bear, the ex-sheriff is the candidate for supervisor. He has served in the board before, and was always an influential and popular official. His election is assured, and he will do credit to his constituents.

**WALLACE COCHRANE**—Wallace Cochrane who will succeed himself as a constable, is known far and wide as one of the best peace officers in the county. Lawyers invariably trust their papers to be served to him, because they know they will be properly attended to. Mr. Cochrane has the fullest confidence of Janesville people, and his re-election is certain.

**The Fourth Ward.**  
**WILLIAM H. H. MACLON**—W. H. H. MacLoun's name has always been a synonym for reliability and business like business transactions. He is an old resident of the city, thoroughly alive to its requirements and capable and trustworthy in every way. It may seem strange to think of electing a republican alderman in the fourth ward, but W. H. H. MacLoun will be elected, because he has the support of the business men and all others who favor the welfare and advancement of the city.

**WILLIAM S. JEFFRIES**—W. S. Jeffries, president of the Merchants & Mechanics Savings Bank will be the next school commissioner from the Fourth ward and his election will be a step in the right direction. Mr. Jeffries is widely known as a reliable business man and the experience he will take into the school board will be valuable to the city. A vote for him is a vote for good government.

**JOHN M. WHITEHEAD**—Janesville has no lawyer among its members of the county board of supervisors, and John M. Whitehead's election to membership in that body will be a wise move. His wide experience as a man of affairs, and his full knowledge of the law will make him one of the most valuable of the Bower City's representation in the "county legislature."

**The Fifth Ward.**  
**W. H. JONES**—W. H. Jones is the candidate for alderman. Mr. Jones is the superintendent of the woolen mills and will make a good representative. Republicans are united in supporting him, while the opposition is split by a wide and "bloody chasm." All disgruntled democrats can clear themselves of the fight and its unpleasant consequences by voting for Mr. Jones.

**N. FREDERICK**—N. Frederick, the candidate for supervisor, is a well known resident of the Bower City, and has won the confidence of all who know him by his many sterling traits of character. No one stands higher than he and his vote will be very large.

**J. T. WAGGONER**—J. T. Waggoner is the candidate for constable. He is well qualified for the place, and he will get the united republican strength of the ward.

These are the city and ward nominations made by the republicans. Where could they be improved? Mr. Nolan's Court Record.

The Recorder says "comparisons are odious, and Mr. Nolan cannot afford to provoke them. Why not? We think he can. The people when selecting a man for city attorney refer to the current calendars and to results. In looking over the circuit court calendar for April, 1895 term, one will find Mr. Nolan appearing in thirty-three cases; Mr. McElroy in one, aside from those in which the city was interested. In the calendar for November, 1895 term, Mr. Nolan's name appears as attorney in thirty-eight cases; Mr. McElroy's in three. What is the inference? Does Mr. Nolan suffer by this comparison? No one can gain say that Mr. Nolan is more than ordinarily successful in his profession. He has never been boosted into prominence or position. If he has attained anything it has been by his own efforts. The taxpayers, regardless of party, feel that they want such a man at this

junction in the affairs of the city, and they intend to vote for him tomorrow, notwithstanding the slurs and flings in the columns of the Recorder.

**POLITICAL CHESTNUTS CRACKED**

**Mr. Hinrich Showed Good Judgment.**  
Paul L. Hinrich, the democratic candidate for alderman in the Second ward, is agent for the Chicago, Milwaukee & St. Paul railroad in this city, and is a first class business man with a clean record and a man of excellent judgment. In his hands the affairs of the city will be safe.

**Recorder.**  
Yes, Mr. Hinrich is a man of excellent judgment. He demonstrated this when he came to The Gazette office the day after the ward committee forced the nomination on him, and wanted his name kept off the official ballot. He also said he would decline, but found that the ward committee had waited until it was too late for him to withdraw before they told him of his "bad luck."

**Not Interested in Him.**  
I desire to state to the public my position on school matters.—Publisher P. J. Mout, in the Recorder.

**But the public is not interested.**  
"A free ballot reigns" and the people want Silas Hayner for school commissioner at large.

**Heddles Will Be Elected.**  
George L. Davis, the democratic candidate for alderman in the First ward, is a young business man whom everybody knows and is thoroughly competent. Mr. Davis will make a vigorous pull for the aldermanship and he is already causing consternation in the republican ranks.—Recorder.

**A "vigorous pull" is all that anybody expects him to make.**  
Alderman Heddles will be re-elected because he is one of the best aldermen that ever served the city. He causes no "consternation," but everybody knows he is "competent."

**Mr. Nolan Is a Leading Lawyer.**  
Can it be possible that Mr. Nolan desires to institute a comparison between himself and the gentlemen who have hitherto held the office of city attorney?—Recorder.

**Mr. Nolan does not suffer by comparison with any lawyer in the city.**  
He is on the top of the heap in his profession. The Recorder shows that it has no heart in the fight on Mr. Nolan, and disowns authorship of the slush published concerning him by putting a star (\*) under each item.

**Richardson Practices Law Here.**  
Michael J. Dougherty, democratic candidate for justice, practiced law in Iowa. He is well versed in evidence, and has given considerable attention to Wisconsin statute law, and will make a competent justice of the peace.—Recorder.

**Justice Richardson has practiced law in Janesville and has given more than "considerable attention" to "Wisconsin statute law."**  
He has made a study of it.

**Cannot improve on Watson.**  
If John Harvey is elected street commissioner the city will have in that office a straight forward, honest, upright man, and the city streets will be well looked after.—Recorder.

**The city now has the best street commissioner that ever held the office and his business methods cannot be improved upon.**  
J. H. Watson is "straightforward, honest and upright" and the streets speak for themselves.

**Fathers Needs No "Training."**  
Frank C. Haselton, the democratic candidate for city treasurer, is a first-class book-keeper and the city will not have a large expense account to train him in the art.—Recorder.

**No. The city won't educate Mr. Haselton.**  
The people will keep City Treasurer Fathers in office because he is more than a "first class" book-keeper. He's an expert and needs no "training."

**Mustn't Deal with the City.**  
"Our Chaucery" Millmore has no coal deal hanging fire with the city. He is a safe business man.—Recorder.

**Does the Recorder argue that no "safe business man" will do business with the city?**  
How long does coal usually "hang fire?"

**Republicans Make no "Quiet" Deals.**  
Did the republican candidate for alderman of the Fourth ward ever have a quiet settlement with the city in business matters?—Recorder.

**No. His settlements are open and above board.**  
"Quiet" settlements are democratic deals invariably.

## ALDERMANIC BLOWS DEALT IN THE FIFTH

SMITH AND McLEAN "MIX" AFTER HOT WORDS.

Friends Are Unable To Keep Them Apart—Officer Hogan Appears in the Nick of Time—Harmony Thicker Than Pea Soup Now Prevails.

The McLean-Smith fight in the Fifth ward "came to a head" Saturday night.

Milwaukee street palpitated. The sound of blows echoed in the evening air.

Alderman Smith went into Alderman McLean's place to talk over Fifth ward affairs.

The talk was picturesque from the start.

Smith had the recent caucuses to inspire him, while McLean could look back to bitter democratic opposition a year ago, and was smarting under the removal of H. Spence from the ticket.

"I never talked about you, Jim, the way I am quoted," said Alderman Smith. "The Gazette interview is a pack of lies. I am a friend of yours and stood by you through thick and thin last year, as you know."

"Oh, let up," said McLean, "you know you ran the knife in me as hard as you could for six months."

Backed Up The Interview.

The debate grew hotter. Suddenly Alderman Smith flared up, to the great surprise of his auditors with the declaration:

"All that The Gazette said was true. I endorse every word of it. It's true and isn't half strong enough at that."

There was a confused exchange of such endearments as "pack of bums," "ruffians," "boozers," etc., and the air was filled with flying arms. Before round 1 ended Officer Hogan rushed in and parted the fighters. Conflicting stories were told as to who was to blame for the encounter.

"I got out of my back door four times during the day to avoid trouble with Smith," said Alderman McLean this morning. "Just before six o'clock I came down to call my brother-in-law to supper and met Smith face to face. He began at once so there was nothing for me to do but to stay."

**They Say He Fought In Self Defense.**  
Alderman Smith's friends, for their part, say McLean struck the first blow and that Alderman Smith fought only in self defense.

Sunday morning Alderman McLean announced in the Recorder that he would support the straight democratic ticket but expressed his opinion of his enemies in these pointed phrases:

"Some so called democrats of the Fifth ward, to vent personal spite, overthrow the will of the people and sacrifice the city ticket, entered into a base and contemptible conspiracy to undo the good work of the caucus, employing means beneath the dignity of the basest ward bummer. Their scheme which seems to have proved successful was to coerce and annoy Mr. Spence, by threats and intimidation, by lying and other underhand means, until he was made to believe that certain prominent democrats and republicans were to pool issue and that defeat at the polls was certain."

Invaded a Quiet Home.

"Further these cheap 'politicians' hired a number of bums not living in the ward at all, to call at his residence at all times of the day and night, making requests for money to help him out on election day. Thus was the peace and sanctity of his home invaded and disturbed, and at the earnest solicitation of his good wife he was finally prevailed upon to withdraw from the race, signing a paper to this effect. This was the trump card of the conspirators, and this is why the democrats of the Fifth ward are called upon to support a candidate who was fairly defeated in the party caucus. I called upon Mr. Spence last Tuesday, explaining to him the true state of affairs, when he signed a paper repudiating his former declaration, freely consenting to stand for the office for which he had been nominated."

Put Him Out Of The Race.

"The ward committee, however, playing into the hands of the conspirators, made it impossible for Mr. Spence to withdraw the paper he had signed on Monday and so he was forced out of the race against his will. Under this conspiracy, the ward committee, elected at the above mentioned caucus, named Mr. Smith, who had been fairly defeated as the candidate for alderman. This gentleman is not the choice of the democrats of the Fifth ward, which was plainly demonstrated at the caucus, but the whole thing is a dirty scheme to disrupt the party, defeat the city ticket and turn the ward over to the republicans. During my experience of thirteen years as alderman I have never before found it necessary to defend myself, but the gross injustice of the treatment of Mr. Spence is my apology for what I have to say at this time, which is certainly not a personal affair of my own."

**NEW MACHINE CAUSES DELAY**

Gazette Press Room Has to be Overhauled Making the Paper Late

The delay in issuing The Gazette Saturday night and tonight is due to the fact that the new press is being put in position. The Gazette hopes to have the new machine in position before Tuesday night although it may take until Wednesday to complete the work.

The following testimonial from the Captain of one of Chicago's foremost Cycling Clubs is one of many which we are constantly receiving:

Mefrs. SHAUER BROS. "THISTLE CYCLING CLUB", 120-122 So. Western Ave. Chicago, April 4th, 1895. Gentlemen:—I have been wearing a pair of your Self-Supporting Bicycle Pants for the past two months, and find them satisfactory in every respect. I take pleasure in recommending them as the easiest and most comfortable pants a bicycle rider can wear.

Yours respectfully,

## AN IMPORTANT SALE OF SPRING WRAPS

Tuesday-Wednesday, 7-8.

We will place on sale Tuesday morning a magnificsnt collection of Spring Wraps, in velvet, silk, chiffon, broadcloth and covert; a beautiful line of Jackets, jaunty and up to date; many styles of Children's and Misses' Jackets, 3 to 18 years; upwards of two hundred separate Skirts, and some of the nobbiest ideas in ready to wear Suits ever shown in town. The garments represent three sample lines made by three of New York City's foremost makers and we own them at figures so low that we will sell them at prices **below all competition.** Bear in mind there is not a plug in the lot; they are the swellest of swell garments, and as right as right can be, and the chance to buy such goods at the prices we make so early in the season, is something which rarely occurs.

**\$1.00, \$3.00, \$5.00**

Buys from a miscellaneous collection of Capes and Jackets, the styles being not quite as late as the line first mentioned, but among which will be found some very desirable wraps representing a cost of three and four times the price asked. For an inexpensive garment look at this line.

Sale opens Tuesday morning, the 7th.
